

Large Spark Ignition (LSI) Fleet Regulation (Course #505)

Do you own or operate Fork Lifts in California? California Air Resources Board (CARB) is providing a unique training opportunity for fleets to learn about the requirements of the LSI Fleet Regulation. There will be an opportunity to ask questions and make comments regarding the additional reporting requirements, labeling requirements, and other changes that were added in spring 2016. Owners of off-road vehicles with LSI engines are strongly encouraged to attend.. One-on-One help will be available after the class presentation.
